

Cervitec® Liquid

Alcohol-free mouth rinse containing xylitol, D-Panthenol and chlorhexidine

Targeted protection
Controlled risk

A wide range of applications

Cervitec® Liquid is a ready-to-use mouth rinse that assists in controlling germs through regular rinsing. The alcohol-free solution, which is recommended by dental professionals, enhances the oral health care regimen of your patients.

The soothing formula of Cervitec Liquid contains xylitol, the provitamin D-Panthenol and chlorhexidine.

The solution is gentle to irritated gums, periimplant tissue and the oral mucosa.

Your benefits at a glance

- **Oral care before and after dental treatment**
Regular rinsing assists in controlling germs and achieving professional oral hygiene results.
- **High patient compliance**
Patients like the mild mint taste, which additionally freshens their breath.
- **Suitable for sensitive people**
Sensitive patients including children (over the age of 6 years) and adolescents can use the gentle, alcohol-free mouth rinse.
- **Professional oral hygiene in the dental office and at home**
Patients can obtain Cervitec Liquid from their pharmacy.
